which we offer at the lowest rates that such goods can be bought at in the Territory.

We would especially call the attention of Prospecting Parties and Emigrants, and the people of Rialston City, that we will

SELL AT LOWER RATES

Than they can buy the same on the Rio Grande or in Tucson, and save them the great cost of transportation from either of the above mentioned places.

Give us a call, and you will be satisfied with goods and prices.

C. H. LORD, P. M.

Tucson, A. T., Dec. 14, 1870.

SALE of mules—see adv't.

THE Land Register has an important notice in this paper to pre-emptors. Read it.

POSTMASTER LORD has furnished a card on the arrivals and departures of mails at his office; good idea. Note changes west.

NEXT Friday, the 23d, the Phenix Land Association will have a public sale of town lots. The terms, etc., will be found among the advertisements. Remember the time.

J. S. SPANN has an important notice to freighters, travelers, etc., en route via Ft. Yuma. He has the best and cheapest of forage to be had at that crossing.

THE floor ordered for the room to be occupied by Judge Titus, and formerly used by the Recorder, was commenced on last Wednesday.

QUICKER time than ever is now made between here and San Diego. On Thursday morning (the 16th) we saw a letter written at San Diego, on the 15th. A rather sharp connection that, but it was done.

A. F. GARRISON, of Hermosillo, has the finest place to stop at on the Guaymas route. He knows how to keep a hotel first, last and all the time. Read his bill of fare in the way of accommodations and terms. He knows the points where to advertise.

Gov. SAFFORD, the 12th inst., appointed Paul Breon Sheriff of Mohave county, to fill vacancy so that the taxes can be collected and the business go on generally until the 1st January, when Breon, who is Sheriff elect, can regularly qualify.

SATISFIED for Guaymas on Thursday last—Capt. C. E. Mowry, Dr. Phelps, and Peter Kitchen, in private conveyance. Capt. M. expected they would be back here in forty days. The balance of his train for government is en route from Guaymas here.

REMEMBER Zeckendorf's lottery—tickets being disposed of like hot cakes. Full particulars in advertising columns. Good way to get a holiday present—or give one. The proprietors intend to give a musical entertainment in connection with the drawing, and altogether the affair will be generally quite interesting.

"THE CAPITAL," at Arizona City, is set in advertisement elsewhere to-day in the somewhat racy style, but the institution will fully come up to the picture. We know that the patrons all live and do well. When traveling that route, always fill your canteen with this water of life. Read of it.

TO-DAY's paper is treasured upon largely (and lastly) with personal matter—the leavings of the late campaign, and some news and locals are crowded again. The grand and petit scamps and scalwags have about run their string—the string may run some of them next, as a better sample than some of them is under sentence accordingly.

THE District Court (Chief Justice Titus on the bench) was convened on Monday, the 12th.... Charles V. Picque was admitted to practice in said court.... Anthony Dorman, who killed Felipe Garcia, at Florence, last summer, and found guilty of murder in the first degree, was sentenced to be hung; no day set; statutory limit, we believe, is sixty days.... Adjourned until the 3d Monday in January, 1871.

WEATHER quite toned down and much more acceptable every way since our last publication. If our data was correct, the spell of ice-freezing set in on the 3d and closed on the 13th—without intermission. On Tuesday evening last, the wind changed, heavy black clouds gathered and rain enough to nearly 'lay the dust,' fell during the night; continued murky and warm on Wednesday, with still more rain that night. Next day cloudy, with cool drizzles; yesterday morning early, warmer, with shower sufficient to make farmers laugh, and 'doble-makers and builders growl, teamsters swear—never swear at other times. Yesterday, light showers betimes; but before day this a. m., there was a long, soaking shower. Streets, roads, etc., nasty, and it is not over yet. A wet Saturday.

COL. LEE had brought out to Arizona, a number of pumps of peculiar pattern, one of which has been in successful operation a few rods south of Scott & Lee's flouring mill, for the past two weeks. The principle consists in driving a stout iron-pipe into the ground (supposed to be soft or sandy) to the required depth, then twist the dirt out, put in a top-valve, and fasten on the remainder of the machinery and go to work. If the pipe strikes water, all right; otherwise, pull it up and try again. At first the water is usually dirty, and until a vacuum is created for the water round the foot of the pipe sufficiently large. To save digging in many localities, this invention has genuine merit; for instance, a big train would find frequent use for one and transportation of it would be trifling. The Colonel talks of putting one in at Teamster's camp.

#### Meeting of Board of Supervisors.

The Board met on the 10th December—present James H. Toole (chairman), and John W. Sweeney.

Bill of F. Eland, \$9, allowed; S. Hughes for \$214, also.... The proposition of C. T. Etchell to make iron doors (62½¢ per lb), was received.... All parties having bills against Pima county, are requested to present them at the last meeting of this Board—December 31st.... Adjourned until

Monday, 12th—Present as before.... Bill of L. W. Libbey for \$37.30, allowed.... Adjourned until

Wednesday, 14th—Present as before.... The services of Sam'l Hughes, as Commissioner, are discontinued from this date.

Adjourned until Saturday, the 17th.

#### Tucson Race-Course.

The Tucson turf hastened to break the monotony otherwise usually prevalent. A race of 300 yards, \$50 a side, took place last Saturday. Gardiner entered h. 'Blue Dick,' Long b. s. 'Democrat.' Latter won by about three feet. Five hundred dollars supposed to have changed hands, and quite an interest excited generally.... On Monday, Cooler entered 'Dick,' and Long his horse 'Democrat,'—\$100 a side; distance 400 yards. Dick won by a length. More money than before changed hands, and the backers of Dick feeling quite even for the two defeats of the week previous. Next match made for New Year's—\$100 a side.

TEAMS coming and going this week as follows: Five ten-milers, of Juan Fernandez, arrived on Thursday with goods from San Diego and Yuma, for Jacobs and Davis & Kelson. The two back-actors, for Fish & Co., mentioned last week, got in same day; had over 30,000 lbs. Tully, Ochoa & Co. have shipped quartermaster's stores to camps Goodwin and Thomas to the amount of about 100,000 pounds, during the past fortnight—the last shipment Wednesday, five large ox-teams. A train of large mule teams for the quartermaster, arrived. We believe it is called 'the bell train.' J. B. Blanchard, of Calabasas, had a load of corn for quartermaster arrive yesterday, and two others kept back by bad roads.

#### Camp Thomas Items.

A friend sends quite a budget of items, date Dec. 11th, and promises to keep it up. Good—but most of those sent, we have had. These, however, are good: Some 48 wagons had arrived there from New Mexico, with corn for the military and goods for the Indians.... Herbert Lord left on the 4th for Tucson, with teams.... Heavy snow storms visible in the mountains round.... Soldiers busy with new quarters—Shoo-Fly sawmill buzzing accordingly.... Major Smith, who resigned, has gone to join his brother in the hardware business, in New York.... No mention is made of Apaches.

#### PRESIDENTIAL APPOINTMENTS, &c.

The following names were sent to the Senate on the 8th: Columbus Delano, Sec'y of Interior; Ben. A. Brislow, Solicitor; Gen. Sanders, Sec'y of Montana Territory; Herman Bondell, Supt. of Indian affairs for Arizona, and others in the navy. Another dispatch says "Herman Bondell, who was nominated to-day for superintendent of Indian affairs for Arizona, is a resident of Albany, of Jewish faith, and his appointment is in accordance with a promise made to recorder Wolf of this city."

STRAIGHTENING THINGS.—The Division Agent (Mr. Guion), of the stage line to Yuma and San Diego, came in from towards Yuma Sunday last, and returned that way on Thursday. He has been making some changes along the line, with a view to easing over long stretches and at the same time connecting for through trips at all times both ways past Arizona City. Additional stock has been put on, new coaches are building, and all of which will be of great importance to the line itself as well as the public.

HUNTING for deer and ducks has been the rage on the part of prominent Tucsoners, during the week. Game in abundance just outside of town—a good many 'wet ducks' seen to come in.

MR. BLANCHARD says the farmers are putting in large breadths of barley on the upper Santa Cruz.

CHRISTMAS comes on Sunday this year, and it is understood that everybody intends to have an unusually good time.

CALIFORNIA is having abundance of rain, and it is hoped they may pass next year without their 'regular' yow-yow.

Two Pimo Indians were in tother day after a horse stolen from them last summer; they got him and left for home.

PRICES CURRENT.—Barley 4c, corn 3c, wheat same and quiet; butter \$1.25 and eggs \$1.

ONLY thirty-odd tickets in Zeck's Lottery remaining. Secure one soon.

#### A Dropped Letter.

TO THE CITIZEN: Your article on Home Manufactures, Productions, &c. last week, was well enough as far as it went. Now, I propose that you improve upon it by stating that no place on mother earth (and I've been going round her long before and after Old Christopher) ever produced so many scrubby-looking dogs as Tucson; and among a people who prefer much animal food, these long-nosed yelpers should be made into sausages at once.

If you can reciprocate, and prevent those beasts from howling in my ear half the time, I'll send you a club—to kill 'em with. When I see you again, I may have a horn or two to prod 'em with. Till then, yours truly,  
THE MAN IN THE MOON.

PRESCOTT MAIL, with The Miner, comes to hand just as we go to press. We look for items of news, but find The Miner has changed its base, and is now turned into a 'Varieties' sheet. Liar, blackguard, thief, scoundrel, renegade, dog, etc., etc., compose the contents this week—highly entertaining doubtless for one of the character and caliber of The Miner man. Oh, he is a nice boy to talk about truth or decency; he is a stranger to both, and if he depended upon either to fill the columns of his paper, it would come out a blank. We are sorry for the overgrown wormy boy—he feels bad, and making such ugly faces causes his otherwise 'child-like and bland' features to look like one that has just been spanked.

GOT HOME.—The Ironton (Lawrence Co., Ohio) Register, of Nov. 17th, has the following:

Lieutenant Will. Winters arrived home last Thursday, and was warmly received by his old comrades and friends in this place. He has been absent for over five years—most of the time in Arizona Territory, engaged in Indian warfare, and has won for himself a most excellent name. Will was our old schoolmate and boon companion in days ago, and we feel a peculiar joy in beholding him once more among the old haunts. Oh, that this world was full of as chivalrous and generous lads as he!

LEE & SCOTT'S MINE.—We understand that work is soon to be started on this mine, which was worked with good success years ago. Some four tons of second class ore taken to S. F. via Guaymas, by Capt. C. E. Mowry, yielded a handsome profit exclusive of expenses. There are other discoveries in the same locality (nine miles S. W. of Tucson) that will doubtless become of equal value, at least.

JNO. HOPKINS, Esq., has purchased the Santa Rita mountain saw-mill.
